

Brilliant Restaurant

Menu dishes and allergen content

Some items on our menu contain allergens, these include, cereals containing gluten, milk, eggs, mustard, soya, nuts, peanuts, sulphites, sesame, fish and crustaceans.

If you suffer from a food allergy or intolerance, please let your server know upon placing your order. To further assist you, our easy to use menu covers the most common allergens as well as information about products suitable for vegetarians and vegans. Please note our menu clearly indicates the allergens present in each dish.

Utmost care is taken to avoid any cross contamination when processing a specific allergen free order. We do however work in a kitchen that processes allergenic ingredients and do not have a specific allergen free zone.

Wheat and gluten containing products that are deep fried will use the same fryers in our kitchens as dishes not containing these ingredients. Therefore there may be risk of cross contamination which may therefore affect extremely sensitive sufferers.

Allergen information is held on each of our dishes, thus please ask your server in the restaurant should you require any further information.

The below allergen matrix chart clearly indicates all menu items and identifies allergens present within them.

Menu allergen matrix chart

Dish	Cereals containing gluten	Milk/Dairy	Eggs	Mustard	Soya	Nuts	Peanuts	Sulphites	Sesame	Fish	Crustaceans	Lupin	Molluscs	Celery	Vegan suitable	Vegetarian suitable
